COVID -19 PROTOCOLS – EFFECTIVE IMMEDIATELY UNTIL FURTHER NOTICE

We are still performing all examinations, procedures, optical pick-ups/repairs, and orders **by appointment only.**

The health and safety of our patients and staff is always my highest priority and we assure you that as always, we are following all necessary sanitary and infection disease protocols at the office. The examination room, optical area, front desk area and all areas touched by patients will be disinfected before and after each patient encounter.

We are asking that our patients help in our health and wellness process as well and please take a moment and read the following guidelines that we have established to help keep everyone safe.

- 1) **Please do NOT come into the office if you have been diagnosed with COVID-19 or exhibit the following symptoms: fever, chills, cough, shortness of breath, recent loss of taste/smell within the last 2 weeks and/or if you have been in the presence of anyone with any of these symptoms within the last 2 weeks.**
- 2) **MASKS ARE REQUIRED – even if you are vaccinated.** Our office is a healthcare facility and as such, this is a CDC requirement.
- 3) **Upon entering the office, please utilize one pump of hand sanitizer** which is available at the front desk to sanitize your hands.
- 4) To best keep social distancing practices at the office, we ask that patients come alone for their appointments. If that is not possible, we ask that you bring only ONE other individual with you, and they must also follow all necessary protocols.

You are encouraged to continue to take the necessary precautions as outlined by the CDC and the State of Washington to protect your health and the health of those around you.

Thank you for your understanding from all of us here at Juanita Village Eyecare. We look forward to seeing you soon. If you have any questions, please call us at 425-821-2010 or email us at info@juanitavillageeyecare.com!
